Prentice Hall's self assesment library 2.0 CD-ROM	CDR 04303	This unique learning tool allows students to assess their knowledge, beliefs, feelings, and actions in regard to a wide range of personal skills, abilities, and interests.	 <p>Author: Stephen P. Robbins Year : 2002</p>

<p>Contemporary mathematics for business and consumers</p>	<p>CDR 04331</p>	<p>Provide solid mathematical preparation and foundation for students going on to business courses and careers. Begins with a business-oriented review of the basic operations, including whole numbers, fractions, and decimals.</p>	 <p>Author: Robert Brechner Year : 2009</p>
--	------------------	---	--

<p>Quantitative analysis for management</p>	<p>CDR 04335</p>	<p>Puts an emphasis on model building and computer applications to show readers how the techniques presented in the text are used in business. This text's use of software also allows readers to focus on the managerial problem, while spending less time on the mathematical details of the algorithms.</p>	 <p>Author: Barry Render Year : 2009</p>
<p>A brief introduction to probability and statistics</p>	<p>CDR 04336</p>	<p>Include java applets in the body of the text. Retains the excellent examples, exercises and exposition that have made it a market leader, and builds upon this tradition of excellence with new technology integration.</p>	 <p>Author: William Mendenhall Year : 2002</p>

<p>Statistics for business : decision making and analysis</p>	<p>CDR 04392</p>	<p>Use data to make informed decisions; every chapter highlights issues in the modern business world and also provide strong connections between the statistical concepts, showing you how to find patterns, create statistical models from the data, and deliver your findings to an audience.</p>	 <p>Author: Robert Stine Year : 2011</p>
<p>Statistical techniques in business & economics</p>	<p>CDR 03284</p>	<p>Modern computing tools and applications are introduced, though the text maintains a focus on presenting statistics concepts as applied in business as opposed to technology or programming methods.</p>	 <p>Author: Douglas A. Lind Year : 2005</p>
